

Welcome!

This open house is a drop-in event and will not include a formal presentation or speeches. You are welcome to come and go at your leisure and spend as much time as you need at each station.

HERE'S HOW TO GET STARTED

- i. Sign In at the Registration Table and get your handouts and stickers.
- ii. Begin at the first station and work your way through all stations at your own pace and convenience.
- iii. Don't hesitate to ask project representatives questions or talk about issues that are important to you and your neighbors.

What is the Westfield Horizon Comprehensive Plan?

At the core of Westfield Horizon is the development of Westfield's new comprehensive plan, is a collective long-term vision adopted to shape the vision of the kind of places that Westfield residents, businesses, and institutions want for their future.

EXISTING COMPREHENSIVE PLAN

The last major re-write of the comprehensive plan for Westfield was in 2007. It has been amended numerous times over the last twenty years. When the plan was initially drafted, the community had not yet established the vision for Grand Park or Grand Junction. Combined with broader regional, statewide, and national changes in the past 20 years, the time has come for a new plan for Westfield and Washington Township.

We are **LOOKING TO THE HORIZON** and planning for 2045.

What is the Westfield Horizon Comprehensive Plan?

The plan sets forth a framework that provides support in making land use decisions, managing the quality of development, determining the time and location of future growth, and directing investment and development activity.

To ensure that Westfield Horizon is an implementable plan, it will include the following components:

- i. A decision-making framework based on the community's core values and planning principles.
- ii. A set of priorities and goals for focused attention by public and private sector partners.
- iii. Guidance on “what goes where” via a map to shape future development and redevelopment in ways that support community goals.
- iv. Implementable strategies that will help the community work towards specific outcomes.

Comprehensive Planning Process

The comprehensive planning process follows a series of steps between the establishment of needing a plan and the final adoption of the plan.
